Table 39. Reasons not always able to see or talk to their friends and family when they want.....	79
Service Coordination.....	80
Table 40A. How first found out about services they can get.....	82
Table 40B. How first found out about services they can get (continued)	84
Table 41. Can contact their case manager or care coordinator when needs to	86
Table 42. Who helps person most often (if anyone helps on a regular basis)	88
Table 43. Additional people who help person on a regular basis	90
Table 44. People who are paid to help them come and leave when they are supposed to	92
Table 45. Has a backup plan if their people who are paid to help them do not show up	94
Table 46. Has an emergency plan in place in case of widescale emergency	96
Table 47. Knows whom to contact if they have a complaint about their services	98
Table 48. Knows whom to contact if they want to make changes to services	100
Table 49. Services meet all current needs	102
Table 50A. Additional services and supports needed (if all current needs and goals are not being met).....	104
Table 50B. Additional services and supports needed (if all current needs and goals are not being met; continued)	106
Table 50C. Additional services and supports needed (if all current needs and goals are not being met; continued).....	108

Table 51. Case manager talked to them about services that might help with their unmet needs (if all current needs and goals are not being met and has a case manager).....	110
Table 52. Service providers work together to provide support.....	112
Care Coordination	113
Table 53. Knows how to manage chronic conditions (if has at least one)	115
Table 54. Stayed overnight in a hospital or rehab/nursing facility in the past 12 months and was discharged to go home	117
Table 55. Felt comfortable and supported enough to go home after stay in a hospital or rehab/nursing facility (if had an overnight stay in the past 12 months and was discharged to go home).....	119
Table 56. Someone followed-up to make sure they had needed services and supports after stay in a hospital or rehab/nursing facility (if had an overnight stay in the past 12 months and was discharged to go home)	121
Choice and Control.....	122
Table 57. Feels in control of their life	124
Table 58. Able to furnish and decorate their room however they want to (if living in a group setting).....	126
Table 59. Can choose or change their roommate (if living in a group setting and has a roommate)	128
Table 60. Can get up and go to bed when they want to.....	130
Table 61. Can eat their meals when they want to.....	132
Table 62. Can choose or change their services	134
Table 63. Can choose or change when and how often they receive services.....	136
Table 64. Can choose or change the people who provide paid supports if wants	138
Satisfaction.....	139
Table 65. Services help them live the life they want	141
Table 66. Case manager/care coordinator changes too often.....	143
Table 67. People who are paid to help them change too often	145
Table 68. Likes where they live.....	147
Table 69A. Reasons does not like where they live (if does not always like where they live)	149

Table 69B. Reasons does not like where they live (if does not always like where they live) (continued).....	151
Table 69C. Reasons does not like where they live (if does not always like where they live) (continued)	153
Table 70. Wants to live somewhere else	155
Table 71. Where person would prefer to live (if wants to live somewhere else)	157
Table 72. People who are paid to help them do things the way they want them done	159
Table 73. Usually likes how they spend their time during the day	161
Technology.....	162
Table 74. Has access to the internet.....	164
Table 75. Frequency with which people use the internet.....	166
Table 76. Always has a stable internet connection.....	168
Table 77. Has talked to health professionals using video conference/telehealth	170
Table 78. Liked talking to health care providers using telehealth	172
Access to Needed Equipment.....	173
Table 79. Needs grab bars in the bathroom or elsewhere in their home but does not have them.....	175
Table 80. Needs other bathroom modifications but does not have them	177
Table 81. Needs a shower chair but does not have one	179
Table 82. Needs a specialized bed but does not have one	181
Table 83. Need for a ramp (either inside or outside of their residence) but does not have one	183
Table 84. Needs other home modifications that does not have.....	185
Table 85. Needs a wheelchair but does not have one	187
Table 86. Needs a scooter but does not have one.....	189
Table 87. Needs a walker but does not have one.....	191
Table 88. Needs hearing aids but does not have them	193
Table 89. Needs glasses but does not have them.....	195
Table 90. Needs personal emergency response system (PERS) but does not have one	197

Table 91. Needs an oxygen machine but does not have one.....	199
Table 92. Needs other assistive technology equipment but does not have.....	201
Table 93. Needs other equipment but does not have	203
Medications.....	204
Table 94. Knows what prescription medications are for	206
Table 95. Takes medication to help feel less sad or depressed	208
Health care	209
Table 96. Has access to mental health services if they want them.....	211
Table 97. Can get an appointment to see or talk to their primary care doctor when they need to	213
Table 98. Went to the emergency room for any reason in the past 12 months.....	215
Table 99. Has gone to the emergency room in the past 12 months due to falling or losing balance	217
Table 100. Has gone to the emergency room in the past 12 months due to tooth or mouth pain.....	219
Table 101. Has gone to the emergency room in the past 12 months due to not being able to see their primary care physician	221
Table 102. Had a physical exam or wellness visit in the past 12 months.....	223
Table 103. Had a hearing exam in the past 4 years	225
Table 104. Had a vision exam in the past year.....	227
Table 105. Had a dental visit in the past 12 months	229
Table 106. Had a flu shot in the past 12 months.....	231
Table 107. Received the COVID-19 Vaccine.....	233
Wellness	234
Table 108. Has access to healthy foods when they want them.....	236
Table 109. Overall Health.....	238
Table 110. Health compared to 12 months ago.....	240
Table 111. In the past 12 months, forgets things more often than before.....	242

Table 112. Has discussed forgetting things with a doctor or a nurse (if they have been forgetting things more often in the past 12 months).....	244
Table 113. Amount of physical activity per week.....	246
Table 114. Often feels lonely	248
Affordability	249
Table 115. Ever has to skip meals due to financial worries	251
Safety	252
Table 116. They or someone else has concerns about falling or being unstable	254
Table 117. Has worked with someone to reduce risk of falls (if someone has concerns about them falling or being unstable)	256
Table 118. Able to get to safety quickly in case of an emergency	258
Table 119. Knows who to talk to if they are mistreated, hurt, disrespected by others	260
Table 120. Are ever worried for the security of their personal belongings	262
Table 121. Someone used or took their money without their permission in the past 12 months.....	264
Table 122. Feels safe around people who are paid to help them.....	266
Rights and Respect.....	267
Table 123. Gets information about services in their preferred language (if preferred language is not English)	269
Table 124. Services and supports are delivered in a way that is respectful of their culture.....	271
Table 125. People who are paid to help them treat them with respect	273
Table 126. Others ask before coming into their home/room (if living in a group setting).....	275
Table 127. Able to lock doors to room (if living in a group setting)	277
Table 128. Has enough privacy where lives (if living in a group setting)	279
Table 129. Can have visitors at any time (if living in a group setting)	281
Table 130. Can get something to eat or grab a snack anytime they (if living in a group setting).....	283
Person-Centered Planning.....	284
Table 131. Involvement in making decisions about what is in the service plan	286

Table 132. Remembers their last service planning meeting.....	288
Table 133. Service planning meeting took place at a time that was good for them.....	290
Table 134. Service planning meeting took place in a place that was good for them	292
Table 135. Service planning meeting included the people they wanted to be there	294
Table 136. People at the service planning meeting listened to needs and preferences.....	296
Table 137. Received a copy of the service plan after the service planning meeting.....	298
Table 138. Current service plan reflects what was talked about at the service plan meeting.....	300
Table 139. Choices and preferences are reflected in current service plan	302
Self-Direction	302
Table 140. Uses self-directed supports option	304
Table 141. Makes decisions about services that are self-directed	306
Table 142. Has enough help deciding how to direct services, like making decisions about how and when services are received	308
Table 143. Can make changes to the services and supports you self-direct if needed	310
Table 144. Has the amount of control wanted with the services that are self-directed.....	312
Table 145. Services and supports wanted to self-direct are always available	314
Table 146. Gets information about budget and services from the financial management service (FMS)	316
Table 147. Information received from the FMS is easy to understand.....	318
Table 148. Frequency of receiving information about budget and services from FMS	320
Table 149. Parts of self-direction need help with.....	322

Introduction

Established in 2015, National Core Indicators—Aging and Disabilities™ (NCI-AD™) is a voluntary effort by state aging and physical disability agencies to measure and track their performance using a standardized set of nationally validated measures. The effort is coordinated by Advancing States and Human Services Research Institute (HSRI). Learn more about our history [here](#).

In 2022-23 a total of 18 states participated in NCI-AD. Not all participating states do all surveys every year.

Adult Consumer Survey

The NCI-AD Adult Consumer Survey (ACS), is standardized survey conducted with a person receiving long term services and supports (LTSS) through state aging and physical disability systems. Surveys are conducted by trained surveyors through in-person, secure video meeting, or over-the-phone conversations with service participants. The main part of the survey contains subjective questions about how well services are supporting the person; these can only be answered by the person themselves. A subset of more objective questions may be answered by a proxy respondent if needed. In addition to the questions for service participants, the survey also collects background information on the person –demographic and service-related data – mainly from service agency records. In 2022-23, the survey included two state-optional modules:

Person-Centered Planning Module (state-optional). This is a state-optional series of questions that ask about the person-centered planning process, including the person’s experience developing the service plan and the service planning meeting. The following states conducted the Person-Centered Planning Module: AL, CO, DE, GA, IN, KS, KY, MN, MO, ND, NE, NJ, OH, OK, TN, WA, and WI.

Self-direction Module (state-optional). This state-optional module was added to the 2022-23 ACS. Questions in this section are asked only of those who are using a self-directed supports option and assess experiences specific to self-direction. The following states conducted the Self-direction module: AL, CO, DE, GA, IN, KS, KY, MI, MN, MO, ND, NE, NJ, OH, OK, TN, WA, and WI.

New Jersey Sample

There is considerable variation in how states’ long-term services and supports (LTSS) programs serving older adults and adults with physical disabilities are organized, funded, and administered. The NCI-AD program allows states to include programs funded through Medicaid, the Older Americans Act, Program of All-Inclusive Care for the Elderly (PACE), state-only funds, and/or other state- and federal-blended funds. The NCI-AD project team works closely with each participating NCI-AD state to advise and track which LTSS program populations and sub-populations are included in the state’s sampling strategy, how that sample is designed and how many surveys are targeted for completion. See detailed information on state sample frames [here](#).

Table A. Statewide Sample

Total Sample Frame	Total Surveys Completed	Overall Margin of Error
44,730	730	3.63%

Table B. Classification of 2022-23 State programs

Program	Funding Source	Description of Program	Total Population Eligible for NCI-AD	Total Usable Surveys Collected	MoE (95%Confidence, 0.5 Distribution)	MoE (95%Confidence, 0.7 Distribution)
MLTSS HCBS	Medicaid waiver – Managed Care	<p>Managed Care Organization (MCO) members who reside in the community, meet nursing facility level of care, and enrolled in Managed Long Term Services and Supports (MLTSS). These members are eligible to receive MLTSS home and community-based services (HCBS).</p> <p>MLTSS/HCBS members enrolled in the Fully Integrated Dual Eligible Specials Needs Plan (FIDE SNP) will be identified as a subpopulation of the MLTSS/HCBS population through the use of a letter added to the Survey Code. Members enrolled in FIDE SNP have services and benefits of both Medicare and Medicaid coordinated by the MCO Care Manager.</p>	30,004	529	9.6%	8.8%
MLTSS NF	Medicaid waiver –	Managed Care Organization (MCO) members who reside in a Nursing Facility (NF) or Skilled Care Nursing	13,745	93	10.2%	9.3%

Program	Funding Source	Description of Program	Total Population Eligible for NCI-AD	Total Usable Surveys Collected	MoE (95%Confidence, 0.5 Distribution)	MoE (95%Confidence, 0.7 Distribution)
	Managed Care	Facility (SCNF), meet nursing facility level of care, and are enrolled in Managed Long Term Services and Supports (MLTSS).				
PACE	Medicare and Medicaid	Individuals enrolled in Program of All-inclusive Care for the Elderly (PACE) must be 55 years of age or older and require nursing home level of care, but be able to live safely in the community at time of enrollment.	981	108	9.4%	8.6%

What is included in this report?

This report presents New Jersey’s 2022-23 ACS demographics and outcomes results. Data are shown for the overall statewide average, broken out by program sampled, and include the weighted NCI-AD Average.

Please note: Extreme caution should be used when interpreting results where the number of valid responses is small. Each program’s valid number of responses (valid Ns) is shown in every chart and table in this report. *To protect people’s privacy we do not show the data when 20 or fewer people from a state or within a program responded to a question, however their data are included in the overall state average.*

Presentation of Data

Data may be viewed as bar charts or in tables by clicking the appropriate tab for each outcome. Data presented in charts are “collapsed” meaning that data grouped by response options to what is considered to reflect a positive outcome and all other responses. Tables represent the un-collapsed data outcomes. All NCI-AD data are collapsed “yes” responses only, unless otherwise noted.

All state and NCI-AD averages throughout this report are “weighted” to account for any non-proportional sampling of programs and to “rebalance” the states’ sample sizes according to their populations of survey-eligible service recipients. *See more details on weighting in Part II of this report.*

Accessibility Statement

National Core Indicators strives to develop accessible resources to support equitable access to information about quality of services. While all charts in this report have been marked as decorative, the data from the charts is all represented in the tables which have been reviewed for accessibility. Should you require other accommodations to make this report accessible for you, please reach out to us at nci@nationalcoreindicators.org.

Demographics

Table 1. Average age (reported for those under 90 years old)

Program	Age	N
MLTSS/HCBS N	74.3	86
MLTSS/HCBS O	67.5	97
MLTSS/HCBS P	65.2	94
MLTSS/HCBS Q	71.8	97
MLTSS/HCBS R	74.3	92
MLTSS/NF	73.4	84
PACE	70.8	108
