Table 109. Overall Health.....	144
Table 110. Health compared to 12 months ago.....	145
Table 111. In the past 12 months, forgets things more often than before .....	146
Table 112. Has discussed forgetting things with a doctor or a nurse (if they have been forgetting things more often in the past 12 months).....	147
Table 113. Amount of physical activity per week .....	148
Table 114. Often feels lonely.....	149
Affordability.....	150
Table 115. Ever has to skip meals due to financial worries .....	151
Safety .....	152
Table 116. They or someone else has concerns about falling or being unstable .....	153
Table 117. Has worked with someone to reduce risk of falls (if someone has concerns about them falling or being unstable) .....	154
Table 118. Able to get to safety quickly in case of an emergency .....	155
Table 119. Knows who to talk to if they are mistreated, hurt, disrespected by others .....	156
Table 120. Are ever worried for the security of their personal belongings.....	157

Table 121. Someone used or took their money without their permission in the past 12 months.....	158
Table 122. Feels safe around people who are paid to help them.....	159
Rights and Respect .....	160
Table 123. Gets information about services in their preferred language (if preferred language is not English) .....	161
Table 124. Services and supports are delivered in a way that is respectful of their culture .....	162
Table 125. People who are paid to help them treat them with respect.....	163
Table 126. Others ask before coming into their home/room (if living in a group setting) .....	164
Table 127. Able to lock doors to room (if living in a group setting) .....	165
Table 128. Has enough privacy where lives (if living in a group setting) .....	166
Table 129. Can have visitors at any time (if living in a group setting).....	167
Table 130. Can get something to eat or grab a snack anytime they (if living in a group setting).....	168
Person-Centered Planning (State Optional Module).....	169
Table 131. Very or fully involved in making decisions about what is in the service plan .....	170
Table 132. Remembers their last service planning meeting .....	171
Table 133. Service planning meeting took place at a time that was good for them .....	172
Table 134. Service planning meeting took place in a place that was good for them .....	173
Table 135. Service planning meeting included the people they wanted to be there .....	174
Table 136. People at the service planning meeting listened to needs and preferences .....	175
Table 137. Received a copy of the service plan after the service planning meeting .....	176
Table 138. Current service plan reflects what was talked about at the service plan meeting .....	177
Table 139. Choices and preferences are reflected in current service plan.....	178
Self-Direction .....	179
Table 140. Uses self-directed supports option .....	180
Table 141. Makes decisions about services that are self directed.....	181
Table 142. Has enough help deciding how to direct services, like making decisions about how and when services are received .....	182
Table 143. Can make changes to the services and supports you self-direct if needed .....	183

Table 144. Has the amount of control wanted with the services that are self-directed .....	184
Table 145. Services and supports wanted to self direct are always available .....	185
Table 146. Gets information about budget and services from the financial management service (FMS) .....	186
Table 147. Information received from the FMS is easy to understand .....	187
Table 148. Frequency of receiving information about budget and services from FMS.....	188
Table 149. Parts of self-direction need help with .....	189

## Introduction

Established in 2015, National Core Indicators—Aging and Disabilities™ (NCI-AD™) is a voluntary effort by state aging and physical disability agencies to measure and track their performance using a standardized set of nationally validated measures. The effort is coordinated by Advancing States and Human Services Research Institute (HSRI). Learn more about our history [here](#).

In 2023-24 a total of 20 states participated in NCI-AD. Not all participating states do all surveys every year.

## Adult Consumer Survey

The NCI-AD Adult Consumer Survey (ACS), is standardized survey conducted with a person receiving long term services and supports (LTSS) through state aging and physical disability systems. Surveys are conducted by trained surveyors through in-person, secure video meeting, or over-the-phone conversations with service participants. The main part of the survey contains subjective questions about how well services are supporting the person; these can only be answered by the person themselves. A subset of more objective questions may be answered by a proxy respondent if needed. In addition to the questions for service participants, the survey also collects background information on the person –demographic and service-related data – mainly from service agency records. In 2023-24, the survey included two state-optional modules:

**Person-Centered Planning Module (state-optional).** This is a state-optional series of questions that ask about the person-centered planning process, including the person’s experience developing the service plan and the service planning meeting. The following states conducted the Person-Centered Planning Module: AL, AZ, DE, IN, KS, KY, MN, MO, NE, NJ, OH, OK, OR, TN, TX, WI, and WY.

**Self-direction Module (state-optional).** This state-optional module was added to the 2023-24 ACS. Questions in this section are asked only of those who are using a self-directed supports option and assess experiences specific to self-direction. The following states conducted the Self-direction module: AL, DE, IN, KS, KY, MO, NE, NJ, OH, OK, OR, TN, TX, WI, and WY.

## Nebraska Specific Sample

There is considerable variation in how states’ long-term services and supports (LTSS) programs serving older adults and adults with physical disabilities are organized, funded, and administered. The NCI-AD program allows states to include programs funded through Medicaid, the Older Americans Act, Program of All-Inclusive Care for the Elderly (PACE), state-only funds, and/or other state- and federal-blended funds. The NCI-AD project team works closely with each participating NCI-AD state to advise and track which LTSS program populations and sub-populations are included in the state’s sampling strategy, how that sample is designed and how many surveys are targeted for completion. See detailed information on state sample frames [here](#).

*Figure 1. Statewide Sample*

Total Sample Frame	Total surveys completed	Overall Margin of Error (MoE)
18323	856	3.3%

*Figure 2. Classification of 2023-24 State programs*

Program	Funding Source	Description of Program	Total Usable Surveys Collected	Total Population Eligible for NCI-AD	MoE(95%Confidence, 0.5 Distribution)	MoE(95%Confidence, 0.7 Distribution)
<b>A&amp;D Waiver</b>	Medicaid 1915 (c)	Aged persons and adults and children with disabilities that meet a nursing facility level of care and are served within a home and community-based setting	308	7,553	5.6%	5.1%
<b>PAS</b>	Medicaid	Persons with disabilities and chronic conditions of all ages are provided services to enable them to accomplish tasks that they would normally do for themselves if they did not have a disability	276	753	5.9%	5.4%
<b>Nursing Facility</b>	Medicaid	Individuals that meet a nursing facility level of care that reside in a licensed nursing facility	265	10,000	6.0%	5.5%
<b>TBI</b>			7	17	37%	33.9%

## What is included in this report?

This report presents Nebraska 2023-24 ACS demographics and outcomes results. Data are shown for the overall statewide average, broken out by program sampled, and include the weighted NCI-AD Average.

*Please note:* Extreme caution should be used when interpreting results where the number of valid responses is small. Each program's valid number of responses (valid Ns) is shown in every chart and table in this report. **To protect people's privacy we do not show the data when 20 or fewer people from a state or within a program responded to a question, however their data are included in the overall state average.**

## Presentation of Data

Data may be viewed as tables by clicking the appropriate tab for each outcome. Tables represent the un-collapsed data outcomes. This may differ from the national report that represents the data in collapsed outcomes. For more information on recoding and collapsing, refer to [Appendix B-How to Recode and Collapse Data](#).

**All state and NCI-AD averages throughout this report are “weighted”** to account for any non-proportional sampling of programs and to “rebalance” the states' sample sizes according to their populations of survey-eligible service recipients. [See more details on weighting in the national report.](#)

## Accessibility Statement

National Core Indicators strives to develop accessible resources to support equitable access to information about quality of services. Should you require other accommodations to make this report accessible for you, please reach out to us at [nci@nationalcoreindicators.org](mailto:nci@nationalcoreindicators.org).
