Safety	154

Table 116. They or someone else has concerns about falling or being unstable	155
Table 117. Has worked with someone to reduce risk of falls (if someone has concerns about them falling or being unstable)	156
Table 118. Able to get to safety quickly in case of an emergency	157
Table 119. Knows who to talk to if they are mistreated, hurt, disrespected, or neglected by others	158
Table 120. Are ever worried for the security of their personal belongings	159
Table 121. Someone used or took their money without their permission in the past 12 months	160
Table 122. Feels safe around people who are paid to help them	161
Rights and Respect	162
Table 123. Gets information about services in their preferred language (if preferred language is not English)	163
Table 124. Services and supports are delivered in a way that is respectful of their culture	164
Table 125. People who are paid to help them treat them with respect	165
Table 126. Others ask before coming into their home/room (if living in a group setting)	166
Table 127. Able to lock doors to room (if living in a group setting)	167
Table 128. Has enough privacy where lives (if living in a group setting)	168
Table 129. Can have visitors at any time (if living in a group setting)	169
Table 130. Can get something to eat or grab a snack anytime they (if living in a group setting)	170
Person-Centered Planning (State Optional Module)	171
Table 131. Involvement in making decisions about what is in the service plan	172
Table 132. Remembers their last service planning meeting	173
Table 133. Service planning meeting took place at a time that was good for them	174
Table 134. Service planning meeting took place in a location that was good for them	175
Table 135. Service planning meeting included the people they wanted to be there	176
Table 136. People at the service planning meeting listened to needs and preferences	177
Table 137. Received a copy of the service plan after the service planning meeting	178
Table 138. Current service plan reflects what was talked about at the service plan meeting	179

Table 139. Choices and preferences are reflected in current service plan..... 180

Self-Direction (State Optional Module) 181

Table 140. Uses self-directed supports option 182

Introduction

Established in 2015, National Core Indicators—Aging and Disabilities™ (NCI-AD™) is a voluntary effort by state aging and physical disability agencies to measure and track their performance using a standardized set of nationally validated measures. The effort is coordinated by ADvancing States and Human Services Research Institute (HSRI). Learn more about our history [here](#).

In 2024-25 a total of 24 states participated in NCI-AD. Not all participating states do all surveys every year.

Adult Consumer Survey

The NCI-AD Adult Consumer Survey (ACS), is a standardized survey conducted with a person receiving long term services and supports (LTSS) through state aging and physical disability systems. Surveys are conducted by trained surveyors through in-person, secure video meeting, or over-the-phone conversations with service participants. The main part of the survey contains subjective questions about how well services are supporting the person; these can only be answered by the person themselves. A subset of more objective questions may be answered by a proxy respondent if needed. In addition to the questions for service participants, the survey also collects background information on the person –demographic and service-related data – mainly from service agency records. The survey included two state-optional modules:

Person-Centered Planning Module (state-optional). This is a state-optional series of questions that ask about the person-centered planning process, including the person’s experience developing the service plan and the service planning meeting. The following states conducted the Person-Centered Planning Module: AL, AZ, CO, DE, IN, KS, KY, MN, MO, NC, ND, NH, NJ, OH, OK, TN, WA, and WI.

Self-direction Module (state-optional). Questions in this section are asked only of those who are using a self-directed supports option and assess experiences specific to self-direction. The following states conducted the Self-direction module: AL, CO, DE, KY, MN, MO, NC, NE, NH, NJ, NY, OH, OK, TN, and WI.

Indiana Specific Sample

There is considerable variation in how states' long-term services and supports (LTSS) programs serving older adults and adults with physical disabilities are organized, funded, and administered. The NCI-AD program allows states to include programs funded through Medicaid, the Older Americans Act, Program of All-Inclusive Care for the Elderly (PACE), state-only funds, and/or other state- and federal-blended funds. The NCI-AD project team works closely with each participating NCI-AD state to advise and track which LTSS program populations and sub-populations are included in the state's sampling strategy, how that sample is designed and how many surveys are targeted for completion. See detailed information on state sample frames here.

Figure 1. Statewide Sample

Total Sample Frame	Total surveys completed	Overall Margin of Error (MoE)
46782	413	4.82%

Figure 2. Classification of 2024-25 State programs

Program	Funding Source	Description of Program	Total Usable Surveys Collected	Total Population Eligible for NCI-AD	MoE (95% Confidence, 0.5 Distribution)	MoE (95% Confidence, 0.7 Distribution)
Health & Wellness Waiver	1915b	Health & Wellness Waiver - The H&W Waiver is designed to provide an alternative to NF admission for Medicaid-eligible persons ages 59 and younger with a disability by providing supports to complement and supplement informal supports for persons who would require care in an NF if waiver services or other supports were not available. The services available through this waiver are designed to help members remain in their own homes, as well as to help individuals residing in NFs to return to community settings, such as their own	105	13,096	9.6%	8.8%

Program	Funding Source	Description of Program	Total Usable Surveys Collected	Total Population Eligible for NCI-AD	MoE (95% Confidence, 0.5 Distribution)	MoE (95% Confidence, 0.7 Distribution)
		homes, apartments, assisted living or adult family care.				
PathWays Waiver	1915b	The PathWays Waiver is designed to provide an alternative to nursing facility (NF) admission for Medicaid-eligible persons ages 60 through 64 with disabilities and those ages 65 and older (with or without disabilities) by providing supports to complement and supplement informal supports for persons who would require care in an NF if waiver services or other supports were not available. The services available through this waiver are designed to help members remain in their own homes, as well as to help individuals residing in NFs to return to community settings, such as their own homes, apartments, assisted living or adult family care.	200	29,427	6.9%	6.4%
Older Americans Act	OAA	The OAA program is designed to provide community-based services and opportunities for older individuals and their families. Recipients are generally over the age of 60.	38	1,900	15.9%	14.6%
Community and Home Options to Institutional Care for the Elderly and Disabled (CHOICE)	Aging state funds	The CHOICE program is designed to provide HCBS to assist individuals in maintaining their independence in their own homes or communities for as long as is safely possible. Recipients must be at least 60 years of age or have a disability. CHOICE	28	1,900	18.5%	17%

Program	Funding Source	Description of Program	Total Usable Surveys Collected	Total Population Eligible for NCI-AD	MoE (95% Confidence, 0.5 Distribution)	MoE (95% Confidence, 0.7 Distribution)
		funds may not be used if other funding such as Medicare or Medicaid is available to meet the individual's needs.				
Traumatic Brain Injury Waiver	1915c	The TBI Waiver's goal is to ensure that individuals with a traumatic brain injury receive appropriate services based on their needs and the needs of their families. The TBI Waiver provides home- and community-based services to individuals who, but for the provision of such services, would require institutional care.	22	189	20.9%	19.1%
Social Services Block Grant (SSBG) **	State Block Grant	Social Services Block Grant are federal funds that provide services that include, but not limited to, congregate and home-delivered meals, transportation, care management, caregiver support and chronic disease management. Social Services Block Grant money funds services for older adults and persons with disabilities with a documented financial or service need.	20	270	21.9%	20.1%

Social Services Block Grant (SSBG) is not included in the following tables due to the low number of respondents (less than 20) for data privacy. They are included in the Weighted IN Average and Weighted-NCI AD Average.

What is included in this report?

This report presents Indiana 2024-25 ACS demographics and outcomes results. Data are shown for the weighted statewide average, broken out by program sampled, and include the weighted NCI-AD Average.

Please note: Extreme caution should be used when interpreting results where the number of valid responses is small. Each program's valid number of responses (valid Ns) is shown in every table in this report. *To protect people's privacy **we do not show the data when 20 or fewer people from a state or within a program responded** to a question, however their data are included in the weighted state average.*

Presentation of Data

Data may be viewed as tables representing the un-collapsed data outcomes. This may differ from the national report that represents the data in collapsed outcomes. For more information on recoding and collapsing, refer to Appendix B- How to Recode and Collapse Data.

All state and NCI-AD averages throughout this report are “weighted” to account for any non-proportional sampling of programs and to “rebalance” the states' sample sizes according to their populations of survey-eligible service recipients. See more details on weighting in the Data Analysis section of the national report.

Accessibility Statement

National Core Indicators strives to develop accessible resources to support equitable access to information about quality of services. Should you require other accommodations to make this report accessible for you, please reach out to us at nci@nationalcoreindicators.org.
